

WE ARE FERSA GROUP A SPANISH-AUSTRIAN COMPANY

Fersa Group was created through the merger of two European bearing manufacturers: Fersa Bearings in Spain and NKE in Austria. Both are globally active in the design, production and distribution of high quality bearings for the global automotive and industrial markets.

Over 50 years of manufacturing experience and the trust of leading OEMs, Tier 1 and their respective aftermarkets endorse our products and services.

Fersa Group has an extensive network of distribution centers that service globally. We count with local facilities in Austria, Brazil, China, Spain and USA and state-of-the-art manufacturing centers in Austria, China and Spain.

EXPERTS IN BEARING SOLUTIONS AUSTRIAN QUALITY COMBINED WITH INNOVATIVE TECHNOLOGY

NKE Austria GmbH achieved record occupancy in the Quarter 2020: During this time, more than 1000 large bearings were manufactured in the plant Steyr.

Due to the flexible manufacturing strategy we can finish lot sizes from 10 to 500 pieces in the diameter range of 200-800mm of different types of bearings (DGB, CRB, TRB or SRB).

Our bearings are produced for a wide variety of applications, such as industrial and wind turbine gearboxes, generators, railway applications and many more.

RECORD UTILISED CAPACITY IN THE 1ST QUARTER

Despite the current situation we are here for you!
With a workforce that is adapted to the requirements and by ensuring the health-related measures for our employees, we can, from today's perspective, ensure the smooth continuation of our activities and thus maintain the usual level of service for our customers.

Quality guaranteed at 100%.

All NKE bearings are manufactured with state-of-the-art equipment. They undergo stringent and documented quality inspection. By using advanced testing and measuring equipment and applying a rigorous quality policy, we can guarantee that every single batch of bearings delivered is of the highest quality standards.
